MANAGEMENT DISCUSSION AND ANALYSIS

1. Industry structure and developments:

Fertilizers enhance growth of plants by supplying crucial nutrients to them. Some of the essential nutrients required by plants are:

Straight Fertilizers: N-Nitrogen, P-Phosphorous, K-Potassium

Secondary Fertilizers: CA-Calcium, Mg-Magnesium and S-Sulphur

Micronutrients Cu-Copper, Fe- Iron, Mn- Manganese, Zn- Zinc, B-Boron etc.

Nitrogen, phosphorus, potassium (NPK) are three major constituents of fertilizers. Nitrogen helps in leaf growth, Phosphorous helps in development of roots, flowers, seeds and fruits and potassium helps in strong stem growth, movement of water in plants and promotion of flowering and fruiting.

India has good reserves of phosphate rocks, which can be processed to give water soluble phosphatic fertilizers. Single Super Phosphate is a cheap fertilizer and also known as common farmer's fertilizer.

Single super phosphate (SSP) manufactured by carrying out reaction of rock phosphate with Sulphuric acid for converting non-soluble phosphate (present in rock phosphate) into water soluble phosphate which is called single super phosphate. It contains 14.5-16% water soluble phosphorous, 10-11% Sulphur, and 18-21% Calcium. **Straight Phosphatic 16% P₂O₅ Grade**

Company was started its manufacturing unit of single super phosphate (powder plant) in 1992 while single super phosphate (Granulated plant) in 1993 with a capacity of 66000MT and Sulphuric Acid in 1993 with a capacity of 33000MT which is used for the production of SSP, in Village devkahiya, block Sardar Nagar, tehsil chaurichaura, Gorakhpur, Uttar Pradesh.

At present Company has its own Brand name "PASHUPATI". The response of market in our brand is satisfactory.

2. Opportunities and Threats:

Since agriculture sector has its own importance in Indian economy, it is bound to grow and our product SSP has also its own importance in Agriculture sector.

Govt. of India has emphasized to promote SSP to fulfill the demand of phosphatic fertilizers.

3. Segmentwise or product-wise performance:

Single Super phosphate: Company is produce single super phosphate in two categories one is powder and second is granule. Company is able to achieve production of 26952.122 MT of Green SSP during the year 2021-22 against the targeted production of 46000 MT which is 58.59% of the targeted production and 40.84% of the installed capacity of 66000 MT. 4. **Outlook:**

Agriculture has been playing vital role in Indian economy with its contribution to GDP, around 49% of Indian population is still dependent on agriculture and its allied activities for their livelihood. The growth rate in agriculture has been fluctuating and these uncertainties/ fluctuations in growth rate can be attributed to over dependence on rains (around 60% of agriculture is still rainfall dependent). One of the vital industries in Indian economy is the fertilizer industry which serves as a very crucial raw material for agriculture. Fertilizer, alone accounts for large subsidy, the second highest after food. Owing to poor monsoons in last two years and low commodity prices, there was slowdown in the fertilizer sector. Currently, this sector is showing strong signs of revival owing to good monsoon last years and reforms taken by government.

5. **Risks and concerns:**

(a) Government Policy:

This sector was operated in a highly regulated environment with cost of production and selling prices being regulated by the Government of India. Due to this reason, fertilizer industry suffered from low profitability as compared to other sectors. Govt. imposed several regulations on prices, subsidies, import etc.

There have been changes in regulations, subsidy structure from time to time creating confusion and uncertainty among producers. In Past years, govt. has decontrolled DAP, MOP, complex fertilizers and SSP which will stimulate growth of this industry and thereby ensure adequate supply of essential fertilizers to farmers.

Subsidy for P&K fertilizers is fixed and not varies with market prices. Govt. does not regulate import of DAP and MOP as it does for Urea. Govt. has decontrolled prices of P&K fertilizers, MRP is left open to manufactures to decide and so domestic prices are decided by demand and supply. P&K fertilizers are less regulated compared to Urea, therefore P&K fertilizer producers can optimize operation, improve supply chain and product mix to earn better profits.

Considering all the issues relating to agriculture productivity, balanced fertilization, growth of indigenous fertilizer industry, competitiveness amongst the fertilizer companies and to overcome the deficiency of concession scheme, the Government introduced **Nutrient Based Subsidy (NBS) Policy** for P&K fertilizers with effective from 1.4.2010.

Under the NBS Policy, a fixed rate of subsidy (in Rs. per Kg basis) is announced on nutrients namely Nitrogen (N), Phosphate (P), Potash (K) and Sulphur (S) by the Government on annual basis which is decided based on international prices, exchange rates, inventory and prevailing MRP etc.

The Govt. of India has opened the MRP of SSP from 01/04/2011 and manufacturers are free to decide their rates upto a fixed limit.

(b) Development In Government Policy:

Investment required for setting up a SSP unit is modest compared to Nitrogenous fertilizers. The setup with indigenous technology depends on imported material because of non-availability of good quality of rock phosphate except Rajasthan State Mines & Minerals Limited, a State Govt. Undertaking. The demand of fertilizers is likely to increase with the emphasis by the Govt. on augmenting agriculture produce. The Govt. of India has notified that Imported Rock Phosphate from some countries to use in production of SSP for competitive Production cost.

(c) Availability of Raw Material:

Rock Phosphate is imported from various country by different dealers. There is no problem in availability of Raw Material.

(d) Subsidy on SSP:

The Govt. of India has introduced nutrient based subsidy policy for all types of fertilizers including SSP. The Govt. of India fixed subsidy for whole year and for the reporting year subsidy was Rs. 2643/MT.

6. Internal control systems and their adequacy:

In any industry, the processes and internal control systems play a critical role in the health of the Company. The Company's welldefined organizational structure, documented policy guidelines, defined authority matrix and internal controls ensure efficiency of operations, compliance with internal policies and applicable laws and regulations as well as protection of resources. Moreover, the Company continuously upgrades these systems in line with the best available practices. The internal control system is supplemented by extensive internal audits, regular reviews by the management and standard policies and guidelines to ensure reliability of financial and all other records to prepare financial statements and other data.

7. Discussion on financial performance with respect to operational performance:

The highlights of the company's performance for the year ended March 31, 2022 are as under:

Revenue from operation increased by 85.53% to Rs. 7359.24 Lakhs.

PBDIT increased by 33.82% to Rs. 444.58 Lakhs.

Profit before tax increased by 71.83% to Rs. 307.17 Lakhs.

Net profit increased by 89.76% to Rs. 230.19 Lakhs.

8. Material developments in Human Resources / Industrial Relations front, including number of people employed:

Asian Fertilizers Limited is a knowledge-driven organization focused on judicious people recruitment and retention. The Company's HR function focuses on employee training, values inculcation and enhanced functional expertise. The Company's key HR objective is to ensure that employees are aware of expected roles leading to organizational momentum. The top management conducted several discussions with employees to discuss multiple issues including leadership qualities, values, responsibilities, workplace freedom and empowered decision-making. Going ahead, the Company will continue to invest in people to strengthen its production processes, product quality and service delivery. During the year under report, the Company also focused on the automation of key HR processes for employee benefit. The result of these initiatives was that the Company was able to keep its attrition levels well under control, much below the industry average. The company's head count stood at 30 as on 31st March 2022.

SECRETARIAL AUDIT REPORT

For the Financial Year ended March 31, 2022

Pursuant to Section 204(1) of the Companies Act, 2013 & Rule 9 of the
Companies (Appointment and Remuneration of Managerial Personnel) Rule, 2014]

To,

The Members,

Asian Fertilizers Limited

Flat No. 202, Preet Garden 3A/172,

Azad Nagar, Kanpur – 208002, U.P.

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Asian Fertilizers Limited (hereinafter called as “the Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2022 (“Audit Period”), complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2022 according to the provisions of:

- (i) The Companies Act, 2013 (“the Act”) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 (“SCRA”) and the rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings (Not applicable to the Company during the Audit Period).
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (“SEBI Act”), as amended from time to time:
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

- (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
- (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 (Not applicable to the Company during the Audit Period);
- (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 (Not applicable to the Company during the Audit Period);
- (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 (Not applicable to the Company during the Audit Period);
- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with the client (Not applicable to the Company during the Audit Period);
- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 (Not applicable to the Company during the Audit Period);
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 (Not applicable to the Company during the Audit Period);
- (i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”).

I further report that, having regard to the compliance system prevailing in the Company and as certified by management and on examination of the relevant documents and records in pursuance thereof, on text check basis, the Company has complied the law applicable specifically to the Company named as under:

- (a) The Boilers Act, 1923;
- (b) The Environment Protection Act, 1986 and rules framed thereunder; and
- (c) The National Green Tribunal Act, 2010 and other acts and rules related thereto.

I have also examined compliance with the applicable clauses of the following:

- I. Secretarial Standards issued by the Institute of Company Secretaries of India (as amended from time to time);
- II. The Listing Agreement as entered into by the Company with Stock Exchange(s). During the Audit Period the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observations:
 - i. *The company has provided the facility of Demat of the shares to all the shareholders. However, the process of Demat of shareholding including of promoters is in progress;*
 - ii. *The website of the company needs to be updated in terms of the provisions of Regulation 46 of SEBI LODR, 2015.*

I further report that, the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors and there were no changes in the composition of the Board of Directors that took place during

the period under review.

Adequate notice was given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decision at the Board Meeting and Committee Meeting has been carried out without dissent, as recorded in the minutes of the meetings of the Board or Committee of the Board, as the case may be.

I further report that, there exist systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that, the trading in securities of the Company are suspended since 2002 due to some penal provisions. However, the Company has complied all the pending compliances and the revocation of suspension is in process.

I have relied on the representations made by the Company and its officers for systems and mechanisms formed by the Company for compliances under other applicable Acts/Laws/Regulations to the Company.

I further report that, during the audit period there were no instances of:

- (i) issue of public / right / Preferential Issue of shares / sweat equity, debentures etc;
- (ii) Redemption / Buyback of securities;
- (iii) major decisions were taken by the members in pursuance to section 180 of the Act;
- (iv) Merger / amalgamation / re-construction, etc;
- (v) Foreign technical collaboration.

Note : This Report is to be read with our letter of even date which is annexed as Annexure-A and forms an integral part of this report.

INDEPENDENT AUDITOR'S REPORT

To
The Members of Asian Fertilizers Limited
Report on the Audit of Financial Statements

Opinion

We have audited the financial statements of **Asian Fertilizers Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2022, and the Statement of Profit and Loss (including other comprehensive income), the Statement of Change in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, thereof ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its profit, total comprehensive income, change in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICSAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Description of Key Audit Matter

Revenue recognition (refer notes 1-B-26 and 22 to the Financial Statements)

Revenue is measured net of volume discounts, price concessions, incentives, and returns, if any.

Due to the Company's presence across different marketing regions within the country and the

competitive business environment, the estimation of the various types of discounts, rebates and incentives to be recognized based on sales made during the year is material and considered to be judgmental.

Therefore, there is a risk of revenue being misstated as a result of error in estimations of discounts, incentives and rebates.

Revenue is recognized when the control of the underlying products has been transferred to the customer. There is a risk of revenue being overstated due to fraud resulting from the pressure on management to achieve performance targets at the reporting period end.

How the matter was addressed in our audit

Our audit procedures included:

- Assessing the appropriateness of the revenue recognition accounting policies, including those relating to discounts, rebates and incentives.
- Comparing the historical discounts, rebates and incentives. We also considered the historical accuracy of the Company's estimates in previous year(s).
- Checking of completeness and accuracy of the data used by the management for the purpose of calculation of the provision discounts, rebates and incentives and for sales returns and checking of its arithmetical accuracy.
- Comparison between the estimates in the past with subsequent actuals and analysis of the nature of any deviations to corroborate the effectiveness of the management estimation process.
- Considered the adequacy of the Company's disclosures in respect of revenue.

Information Other than the standalone Financial Statements and Auditors' Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report and Corporate Governance and Shareholder's information, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, change in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and

estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or

in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in

(i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 197(16) of the Act, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V to the Act.
3. Further to our comments in Annexure A, as required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the statement of Cash Flows and statement of change in equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - (e) On the basis of the written representations received from the directors as of March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial

reporting.

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

Annexure A to the Independent Auditors' Report

(Referred to in paragraph 1 of our report of even date on the Ind AS financial statements for the financial year ended March 31, 2022 of **Asian Fertilizers Limited**)

In terms of the information and explanations sought by us and given by the company and the books of accounts and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of its property, plant and equipment;
- (B) The Company has maintained proper records showing full particulars of intangible assets;
- (b) The Company has a program of physical verification of Property, Plant and Equipment and right-of-use assets so to cover all the assets once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) Title Deeds of all the immoveable properties as disclosed in the financial statements are held in the name of the company.
- (d) The Company has not revalued any of its Property, Plant and Equipment and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder.
- (ii) (a) The inventories of the Company have been physically verified by the management at reasonable interval during the year. In our opinion, the coverage and procedure of such verification is appropriate having regard to the size of the company and nature of its operation. No discrepancies of 10% or more in the aggregate for each class of inventory were noticed on verification during the year when compared with books of account.
- (b) As disclosed in Note no. 18, the company has been sanctioned working capital limits in excess of five crore rupees from banks during the year on the basis of security of current assets. The quarterly returns or statements filed by the company with banks are not in agreement with the books of account of the Company, the details are as under:

Rs. In Lacs

Quarter ending	Value as per books of accounts	Value as per quarterly return/statement filed with bank	Differences	Reason for differences
June 30, 2021	2453.40	2424.24	29.16	The difference are there because the statements filed with the landers are based on financial statement prepared on provisions basis
September 30, 2021	2230.00	2317.05	-87.05	
December 31, 2021	1926.32	2315.10	-388.78	
March 31, 2022	2082.25	2520.18	-437.93	

- (iii) The company has made investments in, companies, firms, Limited Liability Partnerships, and granted unsecured loans to other parties, during the year, in respect of which:
 - (a) The Company has not provided any loans or advances in the nature of loans or stood guarantee, or provided security to any other entity during the year, and hence reporting under clause 3 (iii) (a) of the Order is not applicable.
 - (b) In our opinion, the investments made during the year and the terms and conditions of the loans granted are, prima facie, not prejudicial to the Company's interest.
 - (c) The Company has not granted any loans or advances in the nature of loans during the year. Hence, reporting under clause 3(iii)(c) is not applicable.
 - (d) In respect of loans granted by the Company in earlier years, there is no overdue amount remaining outstanding as at the balance sheet date.
 - (e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.
 - (f) The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause 3(iii)(f) is not applicable.
- (iv) The Company has complied with the provisions of Sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- (v) In our opinion, the Company has not accepted any deposit or an amount deemed to be deposit during the year within the meaning of Section 73 to Section 76 of the Companies Act, 2013 (the Act) read with the Rules framed there under. Hence, paragraph 3(v) of the Order is not applicable.
- (vi) We have broadly reviewed the books of account and records maintained by the Company pursuant to the Rules framed by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Companies Act, 2013 and are of the opinion that, prima facie, the prescribed records have been made and maintained. We have not, however, made a detailed examination of the said accounts and records with a view to determine whether they are accurate or complete.
- (vii) (a) According to the books and records produced and examined by us, the Company is generally regular in depositing undisputed Statutory dues including Goods and Services Tax (GST), Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as applicable with the appropriate authorities and no undisputed amount payable in respect of aforesaid statutory dues were outstanding as at March 31, 2022 for a period of more than six months from the date they become payable.
- (b) According to the information and explanations given to us, there are no dues of Income Tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax and GST which have not been deposited on account of any dispute, except mentioned as below:

Name of the Statute	Nature of the dues	Amount (Rs. in Lacs)	Year(s) to which relates	Forum where pending
The Central Excise Act, 1944	Penalty	5.00	2003-04	CESTAT, New Delhi
The UP Tax on Entry of Goods in Local Areas Act, 2001 (amended in 2007)	Entry Tax	2.48	2005-06	Allahabad High Court (Review petition filed)
	Entry Tax	3.07	2006-07	Allahabad High Court (Review petition filed)

- (viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- (ix) (a) The company has not defaulted in repayment of loans or other borrowings or on the payment of interest thereon to any lender during the year.
 (b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
 (c) The term loans availed during the year were applied for the purposes for which loan were obtained.
 (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
 (e) the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries and hence reporting under clause 3(ix)(e) of the Order is not applicable.
 (f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, JV or associate Company and hence reporting under clause 3(ix)(f) of the Order is not applicable.
- (x) (a) The company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(b) of the Order is not applicable.
 (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- (xi) (a) No fraud by the company or any fraud on the Company has been noticed or reported during the year.
 (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
 (c) We have taken into consideration the whistle blower complaints received by the Company during the year (and upto the date of this report), while determining the nature, timing and extent of our audit procedures.

- (xii) The company is not a “Nidhi Company”; hence paragraph 3(xii) the Order is not applicable.
- (xiii) In our opinion, transactions with the related parties are in compliance with section 177 and 188 of Act where applicable and the details of such transactions have been disclosed in the Financial Statements as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
(b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- (xv) In our opinion, the company has not entered into any non-cash transactions with directors or persons connected with him. Hence, paragraph 3(xv) the Order is not applicable.
- (xvi) (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
(b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xiv) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) The provisions of Corporate Social Responsibility (CSR) are not applicable to the company during the year. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

Annexure B to the Auditors' Report

(Referred to in paragraph 3(f) of our report of even date on the Ind AS financial statements for the financial year ended March 31, 2022 of **Asian Fertilizers Limited**)

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls with reference to financial statements of **Asian Fertilizers Limited** ("the Company") as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the

assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes forming part of financial statement for the year ended March 31, 2021

Note 1 :

A. CORPORATE INFORMATION

Asian Fertilizers Limited (“the Company”) is a public limited company was having its registered office situated at Flat No. 202, Preet Garden 3A/172, Azad Nagar, Kanpur 208002 (Uttar Pradesh) was incorporated on January 06, 1986.

The principal activity of the Company is manufacturing of Fertilizers.

The financial statements were approved for issue in accordance with a resolution of the Directors on May 27, 2022.

B. SIGNIFICANT ACCOUNTING POLICIES

1. Statement of compliance

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Section 133 of the Companies Act, 2013 (the Act) read with the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act. In addition, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also applied except where compliance with other statutory promulgations require a different treatment.

2. Basis of preparation

The financial statements have been prepared on the historical cost convention on accrual basis except for following assets and liabilities which have been measured at fair value amount:

i) Defined benefit plans

Historical cost is generally based on the fair value of the consideration given in exchange of goods or services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

3. Operating Cycle for current and non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification.

An asset is classified as current when it is:

- a) expected to be realised or intended to be sold or consumed in the normal operating cycle,
- b) held primarily for the purpose of trading,
- c) expected to be realised within twelve months after the reporting period, or
- d) cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- a) it is expected to be settled in the normal operating cycle,
- b) it is held primarily for the purpose of trading,
- c) it is due to be settled within twelve months after the reporting period, or
- d) there is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The operating cycle of the Company, that is, the time between the acquisition of assets for processing and their realisation in cash or cash equivalent is 12 months.

Deferred tax assets and liabilities are classified as non-current.

4. Company's financial statements are presented in Indian Rupees, which is also its functional currency.

5. **Critical estimate and Judgements**

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis.

The areas involving critical estimates or judgements are:

- Employee benefits (estimation of defined benefit obligation)

Post-employment benefits represent obligations that will be settled in the future and require assumptions to project benefit obligations. Post-employment benefit accounting is intended to reflect the recognition of future benefit costs over the employee's approximate service period, based on the terms of the plans and the investment and funding decisions made. The accounting requires the Company to make assumptions regarding variables such as discount rate and salary growth rate. Changes in these key assumptions can have a significant impact on the defined benefit obligations.

- Estimation of expected useful lives of property, plant and equipment

Management reviews its estimate of the useful lives of property, plant and equipment at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of property, plant and equipment.

- Contingencies

Legal proceedings covering a range of matters are pending against the Company. Due to the uncertainty inherent in such matters, it is often difficult to predict the final outcome. The cases and claims against the Company often raise difficult and complex factual and legal issues that are subject to many uncertainties and complexities, including but not limited to the facts and circumstances of each particular case/claim, the jurisdiction and the differences in applicable law. In the normal course of business, the Company

consults with legal counsel and other experts on matters related to litigations. The Company accrues a liability when it is determined that an adverse outcome is probable and the amount of the loss can be reasonably estimated. In the event an adverse outcome is possible or an estimate is not determinable, the matter is disclosed.

- **Valuation of deferred tax assets**

Deferred income tax expense is calculated based on the differences between the carrying value of assets and liabilities for financial reporting purposes and their respective tax bases that are considered temporary in nature. Valuation of deferred tax assets is dependent on management's assessment of future recoverability of the deferred benefit. Expected recoverability may result from expected taxable income in the future, planned transactions or planned optimising measures. Economic conditions may change and lead to a different conclusion regarding recoverability.

- **Fair value measurements**

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair values are measured using valuation techniques, including market multiples model (Market Approach) and Capitalisation method (Income Approach) which involve various judgements and assumptions.

- **Impairment of Property, plant and equipment, Right-of-use assets, intangible assets (other than goodwill) and Capital work-in-progress**

The Company estimates the value in use of the cash generating unit (CGU) based on future cash flows after considering current economic conditions and trends, estimated future operating results and growth rates and anticipated future economic and regulatory conditions. The estimated cash flows are developed using internal forecasts. The cash flows are discounted using a suitable discount rate in order to calculate the present value.

For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets.

Revisions to accounting estimates are recognised prospectively in the period in which the estimate is revised if the revision affects only that period; they are recognised in the period of the revision and future periods if the revision affects both current and future periods.

6. Property, plant and equipment (PPE)

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Assets are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use.

Expenses incurred relating to project, including borrowing cost and net of income earned during the project development stage prior to its intended use, are considered as pre - operative expenses and disclosed under Capital Work - in - Progress.

Spare parts are capitalized when they meet the definition of PPE, i.e., when the Company intends to use these during more than a period of 12 months.

7. Investment property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. For this purpose, cost includes deemed cost which represent the carrying value of property, plant and equipment recognised at 1st April 2016 measured as per the previous GAAP. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

An item of property, plant and equipment or any significant part initially recognised of such item of property plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

8. Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation has been provided on such cost of assets less their residual values on straight line method on the basis of estimated useful life of assets as prescribed in Schedule II of the Act.

Freehold land is not depreciated/amortised.

Assets held under financial leases are depreciated over their expected useful lives on the same basis as owned assets or, wherever shorter, the term of relevant lease.

Depreciation is calculated on a pro rata basis except that, assets costing upto Rs. 5,000 each are fully depreciated in the year of purchase.

The estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

9. Intangible Assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortisation/depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable

to the intangible assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Intangible assets being computer software is amortised on straight line method over the period of five years.

10. Impairment of tangible and intangible assets other than goodwill

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use.

Impairment loss is recognized when the carrying amount of an asset exceeds recoverable amount.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased.

If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years.

11. Leases

Company as a Lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a defined period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

As a lessee, The Company recognises a right of use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the

underlying asset or the site on which it is located, less any lease incentives received.

The right of use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right of use asset or the end of the lease term. The estimated useful lives of right of use assets are determined on the same basis as those of property and equipment. In addition, the right of use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole.

Lease payments included in the measurement of the lease liability comprise the fixed payments, including in-substance fixed payments and lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option;

The lease liability is measured at amortised cost using the effective interest method.

The Company has elected not to recognise right of use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term. The Company applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.

Company as a Lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Where the Company is a lessor under an operating lease, the asset is capitalised within property, plant and equipment and depreciated over its useful economic life. Payments received under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis over the term of the lease.

12. Inventories

Inventories are valued at cost or net realisable value, whichever is lower. The basis of determining the cost for various categories of inventory are as follows:

- (a) Raw materials, Chemicals, Components, stores & spares and Stock in Trade Cost includes cost of purchase (Net of recoverable taxes) and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on FIFO basis.
- (b) Stock in process and finished goods- Direct cost plus appropriate share of overheads.
- (c) Saleable Scrap/Waste/By products - At estimated realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

13. Foreign Currencies

a) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian Rupee (INR/Rupees), which is the Company's functional and presentation currency.

b) Transaction and balances

Transactions in foreign currencies are recorded on initial recognition at the exchange rate prevailing on the date of the transaction.

Any gains or losses arising due to differences in exchange rates at the time of translation or settlement are accounted for in the Statement of Profit & Loss either under the head foreign exchange fluctuation or interest cost, as the case may be, except those relating to long-term foreign currency monetary items.

14. Investment in Subsidiaries and Associates

Investment in subsidiaries, associates and other related parties are carried at cost less accumulated impairment, if any.

15. Fair Value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market which can be accessed by the Company for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

16. Financial Assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial assets. Based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial asset, the Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit and loss.

Debt instruments at amortised cost

Debt instruments such as trade and other receivables, security deposits and loans given are measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

Equity investments

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the company decides to classify the same either as at FVTOCI or FVTPL. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Profit or loss.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's Balance Sheet) when

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
- The Company has transferred substantially all the risks and rewards of the asset, or
- The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition, any gains or losses on all debt instruments (other than debt instruments measured at FVOCI) and equity instruments (measured at FVTPL) are recognised in the Statement of Profit and Loss. Gains and losses in respect of debt instruments measured at FVOCI and that are accumulated in OCI are reclassified to profit or loss on de-recognition. Gains or losses on equity instruments measured at FVOCI that are recognised and accumulated in OCI are not reclassified to profit or loss on de-recognition.

17. Impairment of financial assets

The Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance.
- b) Financial assets measured at fair value through other comprehensive income.

In case of other assets (listed as a) above), the company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance.

18. Financial Liabilities**Initial recognition and measurement**

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial Liabilities at Fair Value through Profit or Loss (FVTPL)

Financial liabilities at fair value through profit or loss include financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk is recognized in OCI. These gains/ losses are not subsequently transferred to profit or loss. However, the company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss.

Financial Liabilities at amortised cost

Financial liabilities classified and measured at amortised cost such as loans and borrowings are initially recognized at fair value, net of transaction cost incurred. After initial recognition, financial liabilities are subsequently measured at amortised cost using the Effective interest rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

19. Derivative financial instruments

The Company uses derivative financial instruments to manage the commodity price risk and exposure on account of fluctuation in interest rate and foreign exchange rates. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently measured at fair value with changes being recognized in Statement of Profit and Loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken through profit and loss.

20. Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any differences between the proceeds (net of transaction costs) and the redemption amount is recognised in Profit or

loss over the period of the borrowing using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facilities will be drawn down. In this case, the fee is deferred until the drawdown occurs.

The borrowings are removed from the Balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of the financial liability that has been extinguished or transferred to another party and the consideration paid including any noncash asset transferred or liabilities assumed, is recognised in profit or loss as other gains/(losses).

Borrowings are classified as current liabilities unless the group has an unconditional right to defer settlement of the liability of at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statement for issue, not to demand payment as a consequence of the breach.

21. Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction/development of the qualifying asset upto the date of capitalisation of such asset is added to the cost of the assets.

Interest income earned on temporary investment of specific borrowing pending expenditure on qualifying asset is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are expensed in the period in which they occur.

22. Offsetting of financial instruments

Financial assets and financial liabilities are offset, and the net amount is reported in the standalone balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company, or the counterparty.

23. Claims

Claims against the Company not acknowledged as debts are disclosed after a careful evaluation of the facts and legal aspects of the matter involved.

24. Provisions, Contingent liabilities and Capital Commitments

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are possible obligations whose existence will only be confirmed by future events not wholly within the control of the Company, or present obligations where it is not probable that an outflow of resources will be required, or the amount of the obligation cannot be measured with sufficient reliability. Information on contingent liability is disclosed in the Notes to the Financial Statements.

Contingent assets are not recognised but disclosed when the inflow of economic benefits is probable. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

25. Government Grant

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

A government grant that becomes receivable as compensation for expenses or losses incurred in previous period(s). Such a grant is recognised in profit or loss of the period in which it becomes receivable.

Government grants shall be recognised in profit or loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate.

Government grants related to assets are presented in the balance sheet as deferred income and is recognised in profit or loss on a systematic basis over the expected useful life of the related assets or other relevant basis.

Government grants by way of financial assistance on the basis of certain qualifying criteria are recognised as they become receivable.

In the unlikely event that a grant previously recognised is ultimately not received, it is treated as a change in estimate and the amount cumulatively recognised is expensed in the Statement of Profit and Loss.

26. Revenue Recognition

Sale of Goods

Revenue is recognised upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods.

Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer which is usually on dispatch / delivery of goods, based on contracts with the customers.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions, incentives, and returns, if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Accruals for discounts/incentives and returns are estimated (using the most likely method) based on accumulated experience and underlying schemes and agreements with customers. Due to the short nature of credit period given to customers, there is no financing component in the contract.

Revenue from the sale of goods excludes amounts collected on behalf of third parties, such as Goods & Services Tax (GST).

Interest Income

Interest income is accrued on using on a time basis by the effective interest rate with reference to the principal outstanding.

Dividend Income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established.

Other Income

Other income is accounted for on accrual basis except where the receipt of income is uncertain and, in such case, it is accounted for on receipt basis.

27. Employee benefits

The Company makes contributions to both defined benefit and defined contribution schemes which are mainly administered through/by duly constituted and approved Trusts and the Government.

Defined Contribution Scheme

In case of provident fund administered through Regional Provident Fund Commissioner, the Company has no obligation, other than the contribution payable to the provident fund.

In case of members of constituted and approved trusts, the Company recognises contribution payable to such trusts as an expense including any shortfall in interest between the amount of interest realised by the investment and the interest payable to members at the rate declared by the Government of India.

The Company's contributions paid / payable during the year to provident fund administered through Approved Trust, Regional Provident Fund Commissioner, Superannuation Fund and Employees' State Insurance Corporation are recognised in the Statement of Profit and Loss as an expense when employees have rendered services entitling them to contributions.

Defined Benefit Scheme

Gratuity: Cost of providing the Benefit is determined on an actuarial basis at the end of

the year and charged to Statement of Profit and Loss. The cost of providing these benefits is determined by independent actuary using the projected unit credit method.

Re-measurements, comprising of actuarial gains and losses and the effect of the asset ceiling, (excluding amounts included in net interest on the net defined benefit liability and return on plan assets), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. It is included in retained earnings in the statement of changes in equity and in the balance sheet.

Leave encashment: Accrued Leaves are encashed annually at the end of the calendar year and not accumulated. Provision for the same is done on the basis of leaves accrued as at the end of the reporting period.

28. Research and Development Expenditure

Expenditure on research of revenue nature is charged to Statement of Profit and Loss and that of capital nature is capitalized as fixed assets.

29. Taxes on Income

Current tax is the amount of tax payable determined in accordance with the applicable tax rates and provisions of the Income Tax Act, 1961 and other applicable tax laws.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the Balance sheet and the corresponding tax bases used in the computation of taxable profit and are accounted for using the liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are generally recognized for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, carry forward tax losses and allowances can be utilised. Deferred tax assets and liabilities are measured at the applicable tax rates. Deferred tax assets and deferred tax liabilities are off set, and presented as net.

Current and deferred taxes relating to items directly recognised in reserves are recognised in reserves and not in the Statement of Profit and Loss.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an deferred tax asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

30. Dividend Distribution

Dividends paid (including income tax thereon) is recognised in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

31. Cash Flow Statement

Cash flows statement is prepared as per the Indirect Method specified in Ind AS 7 on Cash Flows. Cash and cash equivalents (including bank balances) shown in statement of

cash flows exclude item which are not available for general use on the date of balance sheet.

32. Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

33. Segment Reporting

Operating segments are reported in consistent manner with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the Company.

34. Recent Indian Accounting Standard (Ind AS) and note on COVID-19

a) Recent accounting pronouncements which are not yet effective

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards. MCA vide notification dated March 23, 2022 has amended certain accounting standards (Ind AS) effective from April 1, 2022. Those amendments are not expected to have any material impact on the company in current or future reporting periods.

b) Note on COVID-19

The Company has made detailed assessments of COVID-19 the pandemic on recoverability and carrying values of its assets comprising property, plant and equipment, inventories, receivables and other current assets as at the balance sheet date and on the basis of evaluation, has concluded that no adjustment is required in the financial statements and it will not have any material impact on Going Concern assumption. The Company is taking all the necessary steps and precautionary measures to ensure smooth functioning of its operations and to ensure the safety and well-being of all its employees. Given the criticalities associated with nature, condition and duration of COVID-19, the impact assessment on the Company's financial statements will be continuously made and provided for as required.

(i) Capital Management

The Company's capital management is intended to create value for shareholders by facilitating the meeting of long-term and short-term goals of the Company.

The Company determines the amount of capital required on the basis of annual operating plans and long-term product and other strategic investment plans. The funding requirements are met through equity and other long-term/short-term borrowings. The Company's policy is aimed at combination of short-term and long-term borrowings.

The Company monitors the capital structure on the basis of total debt to equity ratio and maturity profile of the overall debt portfolio of the Company.

The capital structure of the company consists of debt, which includes the borrowings including temporary overdrawn balance, cash and cash equivalents including short term bank deposits, equity comprising issued capital, reserves and non-controlling interests. Calculation of Fair Values

The fair values of the financial assets and liabilities are defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following methods and assumptions were used to estimate the fair values of financial instruments:

- a) The fair values of investment in quoted investment in equity shares is based on the current bid price of respective investment as at the Balance Sheet date. However there is no such investment as at the balance sheet date.
- b) The fair value of bank borrowings carrying floating-rate of interest is not impacted due to interest rate changes and will not be significantly different from their carrying amounts as there is no significant change in the under-lying credit risk of the Company (since the date of inception of the loans).
- c) Cash and cash equivalents, trade receivables, other financial assets, trade payables, and other financial liabilities have fair values that approximate to their carrying amounts due to their short-term nature.

Fair value measurements recognized in the balance sheet:

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

-Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.

-Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

-Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

(iii) Financial risk management objectives:

The Company's principal financial liabilities comprise of loan from banks and financial institutions, and trade payables. The main purpose of these financial liabilities is to raise finance for the Company's operations. The Company has various financial assets such as trade receivables, cash and short term deposits, which arise directly from its operations.

The main risks arising from Company's financial instruments are foreign currency risk, credit risk, market risk, interest rate risk and liquidity risk. The Board of Directors review and agree policies for managing each of these risks.

(a) Credit risk:

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade and other receivables, cash and cash equivalents and other bank balances. The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amount.

Trade and Other receivables

Customer credit is managed by each business unit subject to the Company's established policies, procedures and control relating to customer credit risk management. Trade receivables are non-interest bearing and are generally on 90 days credit term. Credit limits are established for all customers based on internal rating criteria. Outstanding customer receivables are regularly monitored.

The Company measures the expected credit loss of trade receivables based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends.

Expected credit loss assessment for customers:

The company is making provisions on trade receivables based on Expected Credit Loss (ECL) model. The reconciliation of ECL is as follows:

Particulars	(Rs. In Lacs)	
	2021-22	2020-21
Opening Balance	20.13	19.32
Impairment loss as per ECL recognised/(reversed)	4.86	0.81
Additional Provision	-	-
Amounts written off as bad debts	-	-
Closing Balance	24.99	20.13

Other financial assets

The Company maintains exposure in cash and cash equivalents and term deposits with banks.

The Company held cash and cash equivalents of Rs. 12.85 Lacs at March 31, 2022 (March 31, 2021: Rs. 42.43 Lacs). Cash and cash equivalents are held with reputable and credit-worthy banks.

Individual risk limits are set for each counter-party based on financial position, credit rating and past experience. Credit limits and concentration of exposures are actively monitored by the Management of the Company.

Other than trade and other receivables, the Company has no other financial assets that are past due but not impaired

(b) Market risk:

Market Risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and price risk.

(I) Foreign currency risk

The Company is exposed to currency risk on account of its operating and financing activities. The functional currency of the Company is Indian Rupee. Company's exposure is mainly denominated in USD on account of Imports. The exchange rates have changed substantially in recent periods and may continue to fluctuate substantially in the future. The Company has put in place a Financial Risk Management Policy to Identify the most effective and efficient ways of managing the currency risks. The Company uses derivative instruments (mainly foreign exchange forward contracts) to mitigate the risk of changes in foreign currency exchange rate.

The Company do not use derivative financial instruments for trading or speculative purposes.

(II) Interest rate risk:

Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rates. Any movement in the reference rates could have an impact on the Company's cash flows as well as costs. The Company also uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations like short-term loans.

Interest rate sensitivity analysis:

As at March 31, 2022 interest bearing financial liability (secured loan from banks) stood at Rs. 757.38 Lacs, was subject to variable interest rates. Increase/decrease of 50 basis points in interest rates at the balance sheet date would result in decrease/increase in profit before tax of Rs. 3.79 lacs

The risk estimates provided assume a parallel shift of 50 basis points interest rate. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

This analysis assumes that all other variables, in particular foreign currency rates, remain constant.

Fair value of financial instruments:

All financial assets are initially recognized at fair value of consideration paid. Subsequently, financial assets are carried at fair value or amortized cost less impairment. Where non – derivative financial assets are carried at fair value, gains and losses on re- measurement are recognized directly in equity unless the financial assets have been designated as being held at fair value through profit or loss, in which case the gains and losses are recognized directly in the standalone statement of profit and loss. Financial assets are designated as being held at fair value through profit or loss when it is necessary to reduce measurement inconsistency for related assets and liabilities. All financial liabilities other than derivatives are initially recognized at fair value of consideration received net of transaction costs as appropriate (initial cost) and subsequently carried at amortized cost.

(III) Liquidity risk:

The Company follows a Conservative policy of ensuring sufficient liquidity at all times through a strategy of profitable growth, efficient liquidity at all times through a strategy of profitable growth, efficient working capital management as well as prudent capital expenditure. The Company has a overdraft facility with banks to support any temporary funding requirements.

The Company believes that current cash and cash equivalents, tied up borrowing lines and cash flow that is generated from operations is sufficient to meet requirements. Accordingly, liquidity risk is perceived to be low.

Liquidity table:

Liquidity tables drawn up based on the cash flows of financial liabilities based on the earliest date on which the Company can be required to pay is disclosed at Note no. 46.

(IV) Other price risk:

The Company is not exposed to any significant equity price risks arising from equity investments, as on 31st March 2022. Equity investments are held for strategic rather than trading purposes. The Company does not actively trade these investments.

(V) Equity price sensitivity analysis:

There is no exposure to equity price risks as at the reporting date or as at the previous reporting date.
